POCKET GUIDE

The A–Z of buying gold in the UAE

A–Z

A — Alerts
An email when gold reaches your price.

B — Bars and coins
Priced live by weight and fineness.

C — Compare stores
Up to four stores, ranked by total or making.

D — Diamonds
Carat is weight: 1 ct is about 6.5 mm.

E — Emirates ID check
A two-minute check on every order.

F — Fineness and hallmark
999, 916, 875, 750: match the hallmark.

G — Gold value
Weight × live rate. Same in every store.

H — Half the fee
0.5% on your first three orders.

I — Invoice
Keep it with the certificate.

J — Jewellery sets
Heavy pieces: compare the making.

K — Karat
24K 99.9% · 22K 91.6% · 21K 87.5% · 18K 75%.

L — Live price
Rechecked every 10 seconds.

M — Making charge
The part that differs. Compare it.

N — Not ready? Save it
Save a piece and set a target total.

O — One request, many offers
Describe it once; stores send offers.

P — Pay the store
Match name, amount and order number.

Q — Questions to ask
Weight, karat, making, stones, VAT, exchange.

R — Ring and bangle size
Measure on your phone with a card or coin.

S — Store visit
See it first. It doesn't lock the price.

T — Tola and pavan
1 tola = 11.66 g. 1 pavan = 8 g.

U — UAE gold areas
Same rate everywhere; making differs.

V — VAT
5% on jewellery, shown on every listing.

W — Weight
Check the invoice matches the listing.

X — eXchange and buy-back
Ask the policy before you pay.

Y — Yellow, white or rose
The colour comes from the alloy, not the karat.

Z — Zero surprises at handover
Check seal, invoice and weight at handover.
