KNOW WHAT YOU PAY

What's inside a gold *price?*

1. **Gold value**
   Weight × the live rate for the karat. The same in every store.
2. **Making charge**
   The store's charge for design and craft. This is where stores differ.
3. **Stones and certificate**
   Priced on their own lines, never weighed as gold.
4. **Get Gold fee**
   1% of the merchandise price, 0.5% on your first 3 orders. Never on delivery.
5. **Delivery**
   Charged once per order. Collecting from the store is free.
6. **VAT**
   5% where it applies, shown before you order.
